**MESSAGE FROM YOUR MAYOR, COUNCIL, AND CITY  
MANAGER**

As we work through the current COVID-19 crisis, we want to assure our residents that we are doing everything possible to keep our community safe. Please refer to the attached press release which shows what city services are open or closed as well as a telephone listing of city departments that you can call if you have any questions or problems. You can also reach out to your Mayor and Council if you have any issues you want to discuss with them.

Garbage and bulk trash pickup is still operating on a regular schedule. We do ask that residents maintain social distance from our city staff that is currently working within our city. City Hall is limiting access to the public at this time, however if you come to the city hall lobby we have a phone set up where you can contact any department with any questions or concerns. The Building department is currently open but is only servicing one customer at a time.

Right now, focus on safe practices. Wash your hands. Clean your door knobs, counters and light switches. Stay home whenever possible especially if you are sick. Try an online yoga or exercise class. Connect with your family. Please practice social distancing (the six-foot rule). This will help us reduce exposure and help stop the spread of this virus. Your best protection is to assume that everyone has the virus.

We want to thank all of our first responders and health care workers for their hard work and dedication during these trying times. We also want to thank all of our city staff that is currently working to keep your government services functioning.

On another note, during this week City Hall will be temporarily relocating to the Community Center so that the City Hall building can undergo mold remediation and repairs. Police will also be relocating to mobile office trailers stationed on Park Street. We expect this work will take approximately 2 to 3 months.

**TOGETHER WE CAN GET THROUGH THIS!**
